Note that the Province of Ontario has introduced new guidelines concerning tuition fee billing. At the time of publication, Regis College was reviewing its practices in the context of these guidelines to determine how and when it will implement changes. Any revisions to the prodedures referenced here will be reflected at <http://www.regiscollege.ca/prospective/fees>

*International Tuition Fees

The provincial government has announced that in 2013-2014 it will reduce its operating grants to each Ontario university by an amount equal to \$750 for each entering international student (excluding doctoral stream students) plus another \$75 per each new and returning international student (excluding doctoral stream students). These amounts are called International Student Recovery deductions. TST member colleges will charge its international students (except doctoral students) higher tuition fees to offset these deductions. We regret the financial burden this change imposes on our international students. The fees listed below include the applicable additional charges.
