## Graduate Residence at SMC

Nestled atop historic Brennan Hall, the “Upper Brennan” residence provides a tranquil and scholarly community where grad students can live, work and study. Formally home to the Basilian Fathers, the 12 air-conditioned rooms are a mixture of traditional dorm style (for men) and those with shared ensuite washrooms for females. The floor has its own common room, a small kitchenette and can accommodate students wishing to remain on campus through the summer (additional costs apply). The wood-paneled Canada Room Dining Hall is located one floor down and provides 5-or 7-day meal plans that are ‘all you care to eat’. Rates for the academic year range from \$16,922 - \$19,452 depending on room style and meal plan type.
